

Top 25 FAQs About the \$nftXc ICO Fair Launch

The \$nftXc Fair Launch is more than a token event — it's the foundation of a multi-platform Web3 ecosystem that blends creativity, education, and ownership. To help our growing community, here are the 25 most common questions we've received from Telegram, Twitter, and early supporters.

1 I want to invest! How can I participate?

Answer: Anyone can join the \$nftXc Fair Launch — no presale or insider allocations. Visit nftxc.biz/how-to-invest.html for step-by-step instructions.

2 After the sale, can \$nftXc coins be transferred to KuCoin?

Answer: Not yet. \$nftXc will first trade on **Uniswap** immediately after launch. Once listed on KuCoin or other centralized exchanges, you'll be able to deposit your tokens.

3 What are the Fair Launch dates?

Answer: November 11–14, 2025, exclusively on **PinkSale**.

4 What is the minimum and maximum ETH contribution?

Answer: Minimum **0.05 ETH**, maximum **3 ETH** per wallet — ensuring fairness and decentralization.

5 Why do contribution limits exist?

Answer: Limits prevent whales from dominating and stabilize post-launch liquidity.

8 What happens after the ICO ends?

Answer: Trading opens on **Uniswap**, liquidity locks, and development moves to **Version 2** — featuring AI-enhanced card creation, multi-card minting, and dynamic NFTs.

9 How do buybacks work?

Answer: Strategic on-chain buybacks will be executed to maintain liquidity balance and reward long-term holders.

10 What makes \$nftXc different from other tokens?

Answer: Real utility from day one, a live ecosystem, no presale, and community-governed development.

1 1 What blockchain is \$nftXc built on?

Answer: Ethereum (ERC-20) for maximum interoperability, liquidity, and developer support.

1 2 Will there be staking opportunities?

Answer: Yes. Staking pools launch in **V3 (2027+)**, allowing holders to earn passive rewards and access exclusive NFT drops.

1 3 How does \$nftXc integrate with NFT-TradingCards.biz?

Answer: It fuels all marketplace transactions, governance votes, and creator incentives. Every NFT card minted or sold generates real token utility.

1 4 What role does DigitalCollectables.biz play?

Answer: It serves as an **education hub**, offering Web3 and NFT learning for creators, collectors, and investors.

1 5 What is the total token supply?

Answer: **100 million \$nftXc** – fixed supply, no future minting.

1 6 How is the token distributed?

- Ecosystem (19.5%) – 19.5 M
- Staking (17.5%) – 17.5 M
- Team (12%) – 12 M (24-month vesting)
- Liquidity (10%) – 10 M
- Reserve (5%), Community (3%), Marketing (3%)

1 7 What does “utility & governance token” mean?

Answer: Utility enables payments and rewards; governance lets holders propose and vote on ecosystem decisions.

1 8 What is the \$nftXc roadmap?

Answer:

- **V1 (Q4 2025)** – Fair Launch, Uniswap listing
- **V2 (Q1–Q2 2026)** – AI Creator, Multi-card minting
- **V2.5 (Mid-2026)** – Curated packs, Commenting
- **V3 (2027+)** – Cross-chain, DAO, Staking pools

1 9 What are “Dynamic NFTs”?

Answer: NFTs that evolve over time — stats, visuals, or metadata update based on real-world events like athlete milestones.

2 0 Will there be airdrops or rewards for early investors?

Answer: Yes. Verified early investors and active community members may receive bonus NFTs or token rewards post-launch.

2 1 What does “Fair Launch” actually mean?

Answer: Everyone enters at the same price and time. No private sales, no early access, no insider allocations.

2 2 Can I use wallets other than MetaMask?

Answer: Yes. WalletConnect supports most Web3 wallets, including Trust Wallet, Coinbase Wallet, and OKX Wallet.

2 3 What if gas fees are high during the sale?

Answer: Wait for lower congestion; the Fair Launch window is four days long to give investors flexibility.
